

BE Free6

Premium true wireless Bluetooth in-ear headphones

- **Cable free - True wireless earphones with Bluetooth 5.0**
- **Quick charge - Just 15 minutes in the case gives you 1 hour of listening time**
- **Audiophile sound quality with graphene coated drivers - Enhanced with AAC for Apple® and Android™ 8.0**
- **Non-stop listening on the go - 18 hour battery life with charging case**

For ultimate convenience, the BE Free6 true wireless earbuds have no cables or neckband for unrestricted movement at any time. Designed for clear, uninterrupted audio, the portable carry case doubles up as a charger - allowing users to stay connected for non-stop listening on the go. Equipped with advanced audio coding and AAC, they deliver audiophile sound quality and stable wireless connection with no lag. They also offer mono mode for sharing one earbud with a partner or friend.
